HomeAid had a very busy and productive 2018, making our efforts to help those Americans experiencing homelessness even more meaningful at this time in our history when it is so needed. In 2019, we will be marking our 30th year pursuing this cause and we feel invigorated by the opportunities ahead to contribute in the fight to make shelter a basic human right for all.

We are very pleased to report that we added two new chapters in 2018—Austin, TX and Utah—bringing our total to 19 chapters. During the year, these chapters completed a total of 40 projects for homeless service providers across the nation, adding 394 beds to give more people a safe place to call home as they rebuild their lives. We also ramped up our community outreach efforts with dozens of activities held across the country providing services and supplies for those in need.

As we reflect on the past year and look forward to our 30th Anniversary in 2019, we want to thank our countless partners, supporters, volunteers and staff who work so passionately pursuing HomeAid’s mission. Your selflessness and hard work have made such a difference to so many and you should be very proud.

Sincerely,

Peter Simons
CEO, HomeAid America
ZAYRA & ALEXA’S STORY

Zayra was just 17 and on her own with a brand new baby girl, living with extended family in their already overcrowded apartment. She had dropped out of school and had no way to break the cycle of poverty that had defined her life so far. She knew she wanted to provide a different life for herself and her daughter, she just needed the tools and support to get there.

Zayra and Alexa found a safe place to live, earned her GED, completed parenting and healthy relationship classes, and graduated from her Residential Program. Today, not only is Zayra self-sufficient -- she purchased her own home! She has created a beautiful life for herself and her daughter through the support of HomeAid and Hope House.

HOUSING DEVELOPMENT PROGRAM

| Housing Projects Completed In 2018 | 40 |
| Care Projects Completed In 2018 | 32 |
| Beds Created In 2018 | 394 |
| People Housed In Our History | 335,000 |

Total Value Of Housing Created: $243,117,092

HomeAid’s 19 chapters were operating at full speed in 2018, completing 40 projects valued at $11,880,378 that added 394 new beds. With the addition of these new facilities, the total projects built by HomeAid in its 30 year history rose to 552 with a value of $243,117,092—41% of which was donated by generous homebuilders and their trade partners. Most importantly, over 10,000 beds created by these projects have served more than 335,000 previously homeless people.

As 2019 started, we had 51 more projects in planning and development across the country.

COMMUNITY OUTREACH PROGRAM

| Volunteer Hours | 4,025 |
| CareKit Items Collected | 2,275,154 |
| Volunteers | 2,820 |
| Total Value Of Community Outreach Activities | $1,293,168 |

This past year, HomeAid totaled 133 community outreach events conducted by 2,820 volunteers. These thoughtful individuals spent 4,025 hours, valued at $397,533, giving their time, effort, and hearts to help those in need. We can’t thank them enough for this commitment and for their help.
MIGHTY GROUND NATIONAL TOUR

HomeAid, in partnership with Intrinsic Value Films successfully hosted five screenings of the critically-acclaimed documentary MIGHTY GROUND.

The documentary follows the journey of Ronald Troy Collins, a gifted songwriter experiencing homelessness on the streets of Skid Row, and the impact he makes on those who come to love him. The national tour was made possible by Bank of America Merrill Lynch.

COMMUNITY OUTREACH PROGRAM GROWTH

Expanding beyond our chapter locations, HomeAid provided support to Phoenix, New Orleans and Panama City Beach communities and launched a new effort to help victims of natural disasters.

BUILDERS FOR BABIES

HomeAid Essentials and the Builders for Babies collection event had record breaking support in 2018. 5 chapters hosted drives in their communities to collect diapers, wipes, formula and other baby items and collectively distributed over 2.5 million items that saved families faced with economic hardship over $600,000.

ASSISTANCE TO VICTIMS OF HURRICANE MICHAEL

Hurricane Michael devasted the lives of thousands of families, leaving them homeless overnight. HomeAid responded by partnering with local shelters to provide emergency supplies and basic necessities to those left with nothing. Bus passes were also granted to people who could be quickly rehoused or reunited with their families elsewhere. Natural disasters like these, remind us that no one is immune from homelessness.

SERVING NEW COMMUNITIES

HomeAid extended our reach and the communities we serve through the collection and distribution of HomeAid CareKits. HomeAid partnered with Taylor Morrison in Phoenix to collect, assemble and donate 750 kits for Family Promise and Sojourner House, a previous HomeAid housing project. Additionally, 100 kits were given to Family Promise in New Orleans bringing our involvement to 22 markets across the country.
With an estimated 7,000 people experiencing homelessness over the course of a year in Travis County, HomeAid America, established its 18th chapter in the nation in April in partnership with the Home Builders Association of Greater Austin.

HomeAid Austin’s Board of Directors includes executives from industry leading companies such as Lennar, Taylor Morrison, Brookfield Residential, Chesmar Homes, Scott Felder Homes, Newland Communities, Crescent Communities, Meyers Research, First American Title, 2-10 Home Buyers Warranty, Metrostudy, Corridor Title, and Qualico-Pacesetter.

HomeAid launched its 19th chapter in December in partnership with the Home Builders Association of Salt Lake in Utah to help the 3,000 Utahns who experience homelessness on any given night.

“HomeAid will allow us to expand our community service efforts to assist the needs of our homeless community,” said Jaren Davis, Executive Officer of the Salt Lake Home Builders Association. “Our elected leaders have taken this issue to heart; we want to be a part of the solution with them. Unfortunately, the need is great. With the help of this prestigious organization, we are eager to help knowing home is where doors of opportunity open.”
